5 Year BALAS /MA in Italian and European Union Studies

The Department of French and Italian with the European Union Center offers a 5-year BALAS/MA degree program in Italian and the Master of Arts in European Union Studies (MAEUS). In order to be admitted to this degree program, students apply through a joint application process to their BALAS-granting program and the European Union Center during their third year of studies. Requirements for this degree program are identical to those for the stand-alone BALAS and for the stand-alone MAEUS. Students will receive both degrees when the requirements are met for the degrees; the BALAS and MA degrees will be conferred separately and independently. More detailed information may be obtained from department and EUC offices.

Sample Sequence

This sample sequence is intended to be used only as a guide for degree completion. All students should work individually with their academic advisors to decide the actual course selection and sequence that works best for them based on their academic preparation and goals. Enrichment programming such as study abroad, minors, internships, and so on may impact the structure of this four-year plan. Course availability is not guaranteed during the semester indicated in the sample sequence.

Students must fulfill their Language Other Than English requirement by successfully completing a third level of a language other than English. See the corresponding section on the Degree and General Education Requirements page (<http://catalog.illinois.edu/general-information/degree-general-education-requirements/>).

Upon graduating with a major in Italian, students shall be able to do the following:

- Language proficiency and accuracy:** reach proficiency and accuracy in written and oral comprehension and production of Italian (based on proficiency guidelines outlined by the American Council on the Teaching of Foreign Languages [ACTFL] and the Common European Framework of Reference for Languages [CEFR]).
- Research skills and literacy in text, media, and technology in Italian:** access, manage, evaluate, and effectively use culturally relevant sources according to the standards of professional conduct; understand how these resources relate to language and culture; use appropriate tools when interpreting sources, interacting with others, and producing written, oral, or visual content; develop sensitivity to the changes in cultures and languages produced by emerging technologies.
- Intercultural awareness, knowledge, and competence:** develop an awareness of differences between Italian and their own cultures. Identify implicit assumptions present in Italian linguistic practices and relate them to their own cultural conventions. Learn how to identify the cultural component of everyday practices, from food to body language, and recognize difference as culturally specific.
